DuraRoof is a leading commercial roofing contractor in Minnesota, with a team of experienced professionals ready to exceed expectations. DuraRoof provides high-quality roofing solutions for a variety of commercial roofing projects, including new builds, maintenance and repairs. The DuraRoof team is filled with talented, hard-working people who care about quality and service and attention to detail ensuring your needs are met from the beginning of your project to the end. With more than 930,000 square feet of experience with Versico membrane alone, DuraRoof has the knowledge, experience and technology required to tackle virtually any roofing project. From new construction to re-roofing to roof system maintenance and repairs, DuraRoof has you covered.

DuraRoof is a Versico authorized contractor. In order to become a Versico authorized contractor, a company must undergo training conducted by Versico that covers the installation, maintenance and repair of every Versico roofing system, including its EPDM, TPO and PVC single-ply membranes. By undergoing periodic training updates, DuraRoof employees ensure their continued knowledge and understanding of the latest innovations, technology and procedures from Versico.

Since becoming a Versico authorized contractor, DuraRoof has completed more than 45 Versico warranted installations totaling over 930,000 square feet. The number and quality of installations has earned the company Versico Roofing Systems King's Court status, an honor reserved for Versico's most prominent and successful authorized contractors. As a King's Court Versico-authorized contractor, DuraRoof can also offer Versico's Plus V Warranty Extension, which allows building owners to extend their Versico Total System Warranty by 5 years.

DuraRoof provides full-scale, customized service to fit your project budget and time restrictions. Their professional team will work with speed and attention to detail, being considerate of your property and cleaning up when the project is complete. If you have any questions about their commercial roofing service, don't hesitate to visit [www.durarroofusa.com](http://www.durarroofusa.com) or call (763)316-0660.

**Your Project. Our People. Problem Solved.**
